

SAFETY DATA SHEET

SECTION 1. PRODUCT AND COMPANY INFORMATION

Trade Name (as labeled): ROMIVEX™ DIP

Recommended Use: Refer to product label

Manufactured By: AgroPlantae Inc.
2976 S Peach Ave
Fresno, CA 93725

Business Phone: (559) 498-0388

Emergency Phone: CHEMTREC (800) 424-9300

Date of Preparation: June 2026

SECTION 2. Hazard(s) identification

Label elements

Hazard symbol:

Signal Word: WARNING

Hazard statement: Flammable liquid and vapor.

Precautionary statement

Prevention: Keep away from heat/sparks/open flames/hot surfaces. - No smoking. Ground/bond container and receiving equipment. Use explosion-proof electrical/ventilating/lighting equipment. Use only non-sparking tools. Take precautionary measures against static discharge. Wear protective gloves/protective clothing/eye protection/face protection. Observe good industrial hygiene practices.

Response: Wash hands after handling.

Storage: Store away from incompatible materials.

Disposal: Dispose of waste and residues in accordance with local authority requirements.

Physical hazards: Flammable liquid. Category 3

Health hazards: Not classified

Environmental hazards: Not classified

OSHA defined hazards: Not classified

Symptoms Of Over Exposure

Eyes: Not classified

Skin: Not classified

Inhalation: Not classified

Ingestion: Not classified

Hazard(s) not otherwise classified (HNOC): None known.

Supplemental information: None

SECTION 3. COMPOSITION/INFORMATION ON INGREDIENTS

This product is labeled with the following GHS classifications, as it contains substances that present hazards within the meaning of the relevant State and Federal Hazardous Substances regulations. This product is a proprietary blend and the ingredients and mixture percentages are being withheld as a trade secret.

Ingredient/Chemical Designations	CAS No.:	Weight %:
Proprietary blend fertilizer solution	Proprietary	100

NE = Not Established

NA = Not Available

SECTION 4. FIRST-AID MEASURES

<u>If Inhaled:</u>	Remove to fresh air. If breathing becomes difficult, contact a medical physician. Give artificial respiration if victim is not breathing and obtain immediate medical attention.
<u>If Ingested:</u>	Rinse mouth. Call physician or Poison Control Center immediately for most current information. Do not induce vomiting.
<u>In Case Of Skin Contact:</u>	Wash thoroughly with soap and water. Remove contaminated clothing and wash before reuse. Seek medical attention if skin irritation or burning persists.
<u>In Case Of Eye Contact:</u>	Flush immediately with water for at least 15 minutes, lifting the upper and lower eyelids occasionally. Contact a medical physician immediately.

SECTION 5. FIRE-FIGHTING MEASURES

LEL Flammable Limits: Not pertinent.

UEL Flammable Limits: Not pertinent.

Autoignition Temperature: Not pertinent.

Suitable Extinguishing Media: Water fog, Foam, Dry Powder, Carbon dioxide (CO₂).

Unsuitable Extinguishing Media: Do not use water jet as an extinguisher, as this will spread the fire.

Specific Hazards Arising from the Chemical: Vapors may form, explosive mixtures with air. Vapors may travel considerable distance to a source of ignition and flash back. During fire, gases hazardous to health may be formed.

Special Firefighting Procedures: Avoid exposure to smoke, fumes, or mists. Contain any liquid runoff.

Specific Methods: Use standard firefighting procedures and consider the hazards of other involved materials.

General fire hazards: Flammable liquid and vapor

SECTION 6. ACCIDENTAL RELEASE MEASURES

Spill And Leak Response: Eliminate all ignition sources (no smoking, flares, sparks, or flames in immediate area). Keep combustibles (wood, paper, oil, etc.) away from spilled material. Take precautionary measures against static discharge. Use only non-sparking tools.

For small or incidental spills, wipe up with absorbent material (e.g. cloth, fleece). Clean surface thoroughly to remove residual contamination. Uncontrolled releases should be responded to by trained personnel using pre-planned procedures. Proper protective equipment should be used.

For large spills, contain by diking with soil or other non-combustible absorbent material. Keep material out of sewers, storm drains, and surface waters. Comply with all applicable government regulations on spill reporting, handling, and waste disposal.

SECTION 7. STORAGE AND HANDLING

Storage Practices: Store in a cool (above 32°F), dry, well-ventilated area. Protect material from direct sunlight. Keep away from heat, sparks and open flame. Prevent electrostatic charge build-up by using common bonding and grounding techniques. Store in tightly closed container. Keep it in an area equipped with sprinklers.

Handling Practices: Do not handle, store or open near an open flame, source of heat or source of ignition. When using do not smoke. Explosion-proof general and local exhaust ventilation. Take precautionary measures against static discharges. All equipment used when handling the product must be grounded. Use non-sparking tools and explosion-proof equipment. Do not breathe mists. Wash thoroughly after handling. Avoid contact with eyes, skin, and clothing. Wash with soap and water after handling.

Work/Hygiene Practices: Avoid getting chemicals ON YOU or IN YOU. Wash hands with soap and water after handling chemicals. Do not eat or drink around or while handling chemicals. Keep out of reach of children.

SECTION 8. EXPOSURE CONTROLS AND PERSONAL PROTECTION

Ventilation/Engineering Controls: Use with adequate ventilation.

Respiratory Protection: If work conditions generate vapors or mist, wear a NIOSH approved respirator.

Eye Protection: Chemical dust/splash goggles or full-face shield to prevent eye contact. As a general rule, contact lenses should not be worn when working with chemicals.

Hand Protection: Rubber gloves with gauntlets.

Body Protection: Use body protection appropriate for task. Chemical-resistant coveralls and rubber aprons are generally acceptable. Wear appropriate thermal protective clothing when necessary.

Other Protective Measures: An eyewash and safety shower should be nearby and ready for use.

SECTION 9. PHYSICAL AND CHEMICAL PROPERTIES

Physical State: Liquid	Appearance: Clear to Light yellow
Upper/lower flammability or explosive limits: NA	Odor: Rosemary Herbal
Vapor Pressure: NA	Odor threshold: NA
Vapor Density (air = 1): NA	pH: (5% solution) NA
Relative Density: 7.8 lbs/gallon	Melting point: NA
Freezing Point: NA	Water Solubility: NA
Initial Boiling point and boiling range: NA	Flash Point: 106.7°F (41.5°C)
Evaporation rate: NA	Flammability: NA
Partition coefficient: NA	Flammability class: Combustible II estimated
Decomposition temperature: NA	Auto-ignition temperature NA
Specific Gravity (H2O = 1): 0.94	Viscosity: NA
NA= Not Available	

SECTION 10. STABILITY AND REACTIVITY

Stability: Stable under normal conditions.

Conditions To Avoid: High temperatures, sparks, open flames and other ignition source.

Incompatibility: Strong oxidizing agents.

Hazardous Decomposition Products: No hazardous decomposition products are known.

SECTION 11. TOXICOLOGICAL INFORMATION

Toxicity Data: Not Available

Acute Effects:

Eyes: Direct contact with eyes may cause temporary irritation.

Skin: Prolonged skin contact may cause temporary irritation.

Ingestion: Expected to be low ingestion hazard.

Inhalation: No adverse effects due to inhalation are expected. No respiratory sensitizer.

Chronic Effects: Not currently known, where the product is used under condition of good industrial hygiene.

SECTION 12. ECOLOGICAL INFORMATION

Do not apply directly to water, or to areas where surface water is present or to intertidal areas below the mean high water mark. Do not contaminate water by cleaning of equipment or disposal of wastes.

Effect Of Material On Plants/Animals: The product is not classified as environmentally hazardous. However, this does not exclude the possibility that large or frequent spills can have a harmful or damaging effect on the environment. May be harmful to fish, livestock, and wildlife. No data is available on the degradability of any ingredients in the mixture.

Effect Of Material On Aquatic Life: Releases of large quantities into a body of water can substantially alter the nutrient composition of the water and affect aquatic plant and animal life. Sub-lethal concentrations in water can have adverse physiological effects on marine species.

SECTION 13. DISPOSAL CONSIDERATIONS

Do not contaminate lakes, streams, ponds, estuaries, oceans, or other waters by discharge of waste effluents or equipment rinsate. Dispose of waste effluents according to federal, state, and local regulations. Chemical additions or other alterations of this product may invalidate any disposal information in this SDS.

SECTION 14. TRANSPORTATION INFORMATION

UN Proper Shipping Name: Flammable liquids, N.O.S. (contains Rosemary Essential Oils)

Transport Hazard Class: 3

UN identification Number: UN 1993

Packaging Group: III

Environmental Hazards: No information

Transport in Bulk: No established

Marine pollutant: No

SECTION 15. REGULATORY INFORMATION

SARA Reporting Requirements: This material contains chemicals covered under Section 311/312, classified as flammable. Does not contain toxic chemicals subject to the requirements of Sections 302/313. Title III of the Superfund Amendments and Reauthorization Act of 1986.

California Proposition 65:

California Safe Drinking Water and Toxic Enforcement Act 1986 (Proposition 65): This material is not known to contain any chemicals currently listed as carcinogens or reproductive toxins. For more information go to www.P65Warnings.ca.gov

SECTION 16. OTHER INFORMATION

Further Information: Not available

Disclaimer: The information and recommendations herein are taken from data contained in independent, industry recognized references including NIOSH, OSHA, ANSI, and NFPA. This information is, as of date listed above, true and accurate to the best of AgroPlantae, Inc. knowledge. It is intended for use by persons possessing technical knowledge and at their own discretion and risk. Since actual use is beyond our control, no guarantee, express or implied, and no liability is assumed by AgroPlantae, in conjunction with the use of this information. Actual conditions of use and handling may require consideration of information other than, or in addition to, that which is provided herein.
